MONDAY

Two sides, one thread

Image: 01-mon-two-sides-one-thread.png

ENGLISH

Two sides. One thread. 🧵

If you've ever searched for a good tailor, or run a tailoring business from a notebook, you know the in-between can be messy: lost measurements, forgotten dates, photos buried in WhatsApp.

SeamFlow brings both sides together, in one calm place.

✂️ **Tailors:** every measurement saved, a reminder before every delivery, and a place to be found for the work you make.

✨ **Clients:** discover real tailors' work, show what you want made, and follow your order all the way to the fitting.

Coming soon to Cameroon. Follow along so you don't miss the launch.

FRANÇAIS

Deux côtés. Un seul fil. 🧵

Si vous avez déjà cherché un bon tailleur, ou géré un atelier avec un carnet, vous savez que tout ce qu'il y a entre les deux peut vite devenir compliqué : mesures perdues, dates oubliées, photos noyées dans WhatsApp.

SeamFlow réunit les deux côtés, au même endroit.

✂️ **Tailleurs :** chaque mesure enregistrée, un rappel avant chaque livraison, et un endroit où l'on découvre votre travail.

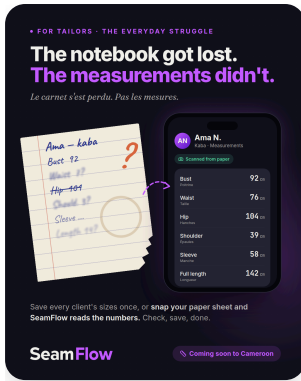

✨ **Clients :** découvrez le vrai travail de vrais tailleurs, montrez ce que vous voulez faire réaliser, et suivez votre commande jusqu'à l'essayage.

Bientôt au Cameroun. Suivez-nous pour ne pas manquer le lancement.

WEDNESDAY

The notebook got lost (tailors)

Image: 02-wed-the-lost-notebook.png

ENGLISH

Tailors, be honest: how many measurement notebooks have you lost? 📅

One torn page, one coffee stain, and a client's sizes are gone. Then comes the awkward call: "Can you come back so I can measure you again?"

With SeamFlow, you save each client's measurements once. Already have them on paper? Take a photo of the sheet and SeamFlow reads the numbers for you. You check every value, save, and they're ready for the next order.

📅 Coming soon to Cameroon. Save this post, and tag a tailor who still works from a notebook.

FRANÇAIS

Taillieurs, soyons honnêtes : combien de carnets de mesures avez-vous perdus ? 📅

Une page déchirée, une tache de café, et les mesures d'un client disparaissent. Puis vient l'appel gênant : « Vous pouvez repasser pour que je reprenne vos mesures ? »

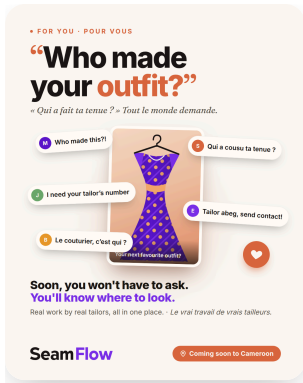

Avec SeamFlow, vous enregistrez les mesures de chaque client une seule fois. Elles sont déjà sur papier ? Prenez la fiche en photo et SeamFlow lit les chiffres pour vous. Vous vérifiez chaque valeur, vous enregistrez, et tout est prêt pour la prochaine commande.

📅 Bientôt au Cameroun. Enregistrez ce post, et identifiez un tailleur qui travaille encore avec un carnet.

FRIDAY

"Who made your outfit?" (clients)

Image: 03-fri-who-made-your-outfit.png

ENGLISH

"Who made your outfit?" 🙄

At every wedding and every ceremony, someone asks. Too often the answer is "My tailor... I'll send you the number later," and the number never comes.

Soon, you won't have to ask. SeamFlow will show real work by real tailors, all in one place. See what they make, then message them directly about the piece you love.

🧵 Coming soon to Cameroon. Tag the friend who always asks who made your outfit.

FRANÇAIS

« Qui a fait ta tenue ? » 🙄

À chaque mariage, à chaque cérémonie, quelqu'un pose la question. Et trop souvent, la réponse est : « Mon couturier... je t'envoie son numéro plus tard. » Le numéro n'arrive jamais.

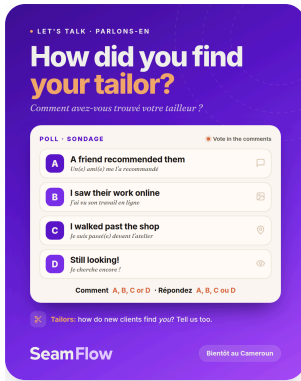

Bientôt, plus besoin de demander. SeamFlow montrera le vrai travail de vrais tailleurs, au même endroit. Découvrez ce qu'ils réalisent, puis écrivez-leur directement au sujet de la pièce qui vous plaît.

🧵 Bientôt au Cameroun. Identifiez l'ami(e) qui demande toujours qui a fait votre tenue.
